

Sunnyvale Alliance Soccer Club

SASC Private Lessons at Sunnyvale Soccer Complex Policy

Last updated: September 11, 2014

SSC is a private facility. Private lessons are not allowed without the written permission of the SASC field coordinator.

Permission will not be reasonably withheld as long as:

1. All participants are registered on a SASC CYSA roster. That means both the trainer and the players. Non SASC persons may not participate without the clear permission of Fields and a field rental charge is paid or expressly waived.
2. Space is available
3. CYSA Risk Management policies are followed, namely

"A participant (other than a parent or legal guardian) being alone in a one-on-one situation with a player is inappropriate. If an adult is alone with a player then the adult should do so in a visibly public site."

SSC is a private facility and not a public site.

Please ensure any paid trainers your team is associated with are aware of these policies.
